## Important Reminders

### 1. Minimum Amount Due

The Cardholder is required to pay at least the Minimum Amount Due on or before the Payment Due Date. Paying less than the Total Amount Due will increase the amount of interest and other charges you pay and the time it takes to repay your balance.

### 2. Error or Question about your Bill

BPI shall be notified immediately in writing of any billing error in the Statement of Account (SOA). If no error is reported within thirty (30) days from the Statement Date, the SOA shall be considered correct and binding upon the cardholders. The cardholder shall then recognize and admit the integrity of the SOA as an electronic document pursuant to the Electronic Commerce Act and promises to pay the amount thereon on its due date without presentation of sales slip.

### 3. Fees and Charges

Finance Charge on regular purchases, fees, interest charges, monthly installment amortizations and cash advances is based on the aggregated total of the daily interest for the statement period. The daily interest is computed by multiplying the unpaid balance for each day with the daily interest rate (monthly interest multiplied by 12 months and divided by 360 days). The finance charge computation shall start from the posting date until payment date for BPI Credit Card cash advances and its fees, and the day after the Statement of Account (SOA) date for retail purchases, unpaid finance charges and other fees, and monthly installment amortizations.
